Ongoing Projects Requiring Significant Capital:

1. Uniforms – We are currently using hand-me-down snowboarding instructor jackets and pants that were headed to the trash bin. DSES has never had its own uniforms. As there is only one opportunity to make a first impression, we are looking to upgrade our on-hill appearance with high quality, durable and professional appearing winter jackets, pants and fleece jackets. We will be proud to prominently display the donor's logo on all garments along with our name and logo.
2. Building Fund – For a growing program that is on track to surpass the over 1600 lessons taught last season, our facility space is severely constrained for students, staff and instructors alike. A DSES building fund is being established to finance evaluation and implementation of expansion possibilities. This is an on-going depository for large capital donations, and all avenues of corporate sponsorship and/or endowments are encouraged.

Program Items:

- | | |
|---|----------------|
| 1. Grant writing Workshop (per person, 1-2 people) | \$800 – \$1200 |
| 2. DSES Logo Stickers | \$750 |
| The purpose is to create “memory glue” of where our students and volunteers had such a great time and to serve as recognition, advertisement and promotion for the program. It is anticipated that our staff and volunteer instructors will proudly display them prominently. Stickers will also be used in thank you letters for people who send in donations! | |
| 3. 2 Pairs of adult standard mono ski outriggers | \$400 per pair |
| 4. Volunteer Recognition 3-year & 5-year pins (annually) | \$300 |
| 5. Volunteer Recognition gifts (annually) | \$3,000 |
| 6. Jell pads (three) for sit down equipment (per pad) | \$1500 |
